

Carrie Donahue Bremner has over 16 years experience in lighting design and architecture since graduating from The Rhode Island School of Design, Providence, Rhode Island, USA.

In 1998 Carrie joined Speirs + Major to expand her enthusiasm for art and architectural design into the realm of lighting. Developing a keen interest in lighting she approaches design with an understanding of architectural intent, integrated design and an artistic aptitude. Carrie has applied this knowledge and skill set to a diverse range of over 200 architectural lighting design projects including the Gateshead Millennium Bridge, Sheikh Zayed Bin Sultan Al Nahyan Mosque in Abu Dhabi, The Twin Sails Bridge in Poole, Miami Design District, USA, Beverly Center, USA and the Maggie's Centre, Lanarkshire.

Several of the projects Carrie has worked on have been selected for awards including International Association of Lighting Designers Awards for Gateshead Millennium Bridge in 2002 and Sheikh Zayed Bin Sultan Al Nahyan Mosque in 2010. Recently, the Twin Sails Bridge won the Outstanding Achievement at the AL Light and Architecture Design Awards 2012 and Gold at the Illumni Infinity Awards 2013, and Maggie's Centre, Lanarkshire won best Lighting Design at the Scottish Design Awards in 2015.
