

Rhea has worked in the design industry for a number of years and enjoys providing administrative support in the creative environment of a design studio.

She joined Speirs + Major in 2018 as Studio Manager/PA to the Principals. She likes the variety of her role from working closely with the Principals to ensure their days run as smoothly as possible, to being the go-to person in the studio.

Outside of work, Rhea likes to paint, sing and dance. She lives in Hackney and would love to one day own a dog.
